**A natural movement, all the way from low heat to high**

Along the side of this hob are the rotary control knobs. They're designed to be easy to twist and turn when you change the power levels of your hob.

Product Benefits & Features**Always know exactly which zone is still hot**

With this hob, you always know exactly which zones are still hot, thanks to the residual heat indicators, which cleverly reveal where the heat is.

**The wipe-down surface**

The ceramic glass surface of this hob is so easy to clean. A simple wipe, and you are done.

The versatility to install your hob anywhere you want to

Because this hob is independent, you have way more flexibility to install it wherever you want to. Choose the location that suits your cooking style.

**Sturdy and stable support when cooking, meal after meal**

This gas hob features high-quality pan supports that are more heat-resistant and durable. You can count on them to stay strong and sturdy, meal after meal.

- OptiFix™: Only one step to install the hob.
- Residual Heat Indicators
