

We watch water boil, you dish up delicious

The 700 SenseBoil® Induction Hob looks after your boiling water. It automatically adjusts the temperature settings by assessing when the water is near boiling point, and reduces the rising bubbles to a steady simmer. So you can concentrate on making delicious dishes instead of watching water boil.

Product Benefits & Features

Boiling water, under control with the Boil Sensor

The Boil Sensor detects when the water in your pan reaches boiling point. The boil-to-simmer function automatically adjusts the temperature to reduce those rising bubbles to a controlled simmer. Giving you more time to create other dishes.

Hob2Hood® for pure convenience

The Hob2Hood® function wirelessly connects your hob to your hood. Start cooking, and the hood will automatically adjust the settings, providing the best extraction based on the power selected on the hob. It does the hard work for you.

Direct touch control for every zone

Easily adjust your hob's temperature settings with our direct touch controls. Each cooking zone has an individual power control, so it's clear to see and simple to change the heat settings. And as it's one smooth surface, it's easy to clean.

Tailored to the size of your pans with Infinite self-sizing zones

The Infinite self-sizing cooking zones adapt to the size of your pans as soon as they are covered. The zones offer total coverage, whatever the size of your pot, delivering heat with no performance loss. Enjoy accurate and efficient cooking with our self-sizing zones.

Intense heat, in an instant with PowerBoost

Activate the PowerBoost function for an instant burst of heat during cooking. It's ideal for getting dishes ready faster. You can boil water quicker than ever before, and get pans ready for searing when you need them.

- Bevelled sides for a sleek flush finish in the kitchen
- Auto heat up function
- Individual timers
- Child lock safety function.

Product Specification

Series	700	Hob Safety	Automatic Switch Off
Main Colour	Black	Total Electricity Loading (W)	7200
Plug or Hardwired	Hardwired connection only		
Dimensions (mm) (WxD)	590x520		
Built-in Dimensions (mm) (HxWxD)	44x560x490		
Cord Length (m)	N/A		
LED Colour	Red		
Left Front - Power/Diameter	2300/3700W/210mm		
Left Rear - Power/Diameter	1800/2800W/180mm		
Right Front - Power/Diameter	1400/2500W/145mm		
Right Rear - Power/Diameter	1800/2800W/180mm		
Gas Supply: Natural Gas	No		
LPG Conversion Kit Included	No		
Product Number (PNC)	All Open		
Control Functions	3 step residual heat, Acoustic signal, Automatic heating-up, Booster, Child-lock, Count up timer, Eco timer, Flexible Powermanagement, Hob-hood connection, Key-lock function, Minute minder, Pause, SenseCook Boil, Sound off, Timer		
Pan Support Type	No		
Number of cooking zones	4		
Hob Type	Induction Full		
Frame Type	Bevelled 1 Side
