Web: www.miflues.ie

- Specifically designed for use on all types of flues (stainless steel, vitreous enamel, coated flue)
- High temperature Black Sealant to 1000 °C
- Creates rigid bond unlike fire cement which tends to form a weak and brittle bond
- FlueSeal gives a longer lasting seal compared to fire cement as there is not the same need to reapply at the same frequency
- Highly cohesive product that is smooth and easy to apply
- Available in boxes of 12 x 300mm cartridges

Product Code: FLUESEAL
